

Customer No.: 31561
Docket NO.: 11367-US-PA
Application No.: 10/605,274

REMARKS

Present Status of the Application

The Office Action rejected claims 1-4, 6-7, 11-13, 26-29, 31 and 36 and objected claims 5, 8-10, 30 and 32-35. Specifically, the Office Action rejected claims 1, 4, 11-13, 26, 29 and 36 under 35 U.S.C. 102(e), as being anticipated by Hsu (U.S. Pat. No.6,804,861, "Hsu" hereinafter). The Office Action rejected claims 2, 3, 6, 27, 28 and 31 under 35 U.S.C. 103(a), as being unpatentable by Hsu. The Office Action indicated that claims 5, 8-10, 30 and 32-35 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant appreciates this indication of allowable subject matter. For expediting prosecution, Applicant has canceled claim 5 and incorporated the allowable features of claims 5 into independent claim 1, which renders amended claim 1 and its dependent claims patentable over cited prior arts. Applicant has also canceled claim 8 and incorporated all of features of original claim 1 and allowable features of claim 8 into claim 6, which render claim 6 as independent form and claim 6 and its dependent claims are patentable over cited prior arts.

Furthermore, Applicant has canceled claim 30 and incorporated the allowable features of claims 30 into independent claim 26, which renders amended claim 26 and its dependent claims patentable over cited prior arts. Applicant has also amended claim 32, which is indicated as allowable, into independent form, incorporating all of features of

original claims 26 and 31. Applicant has also amended claim 33, which is indicated as allowable, into independent form, incorporating all of features of original claims 26 and 31. Claims 1-4, 6-7, 9-29, 32-36 are pending in the application and reconsideration of these pending claims is respectfully requested.

CONCLUSION

For at least the foregoing reasons, it is believed that the pending claims 1-4, 6-7, 9-29, 32-36 are in proper condition for allowance. If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.
